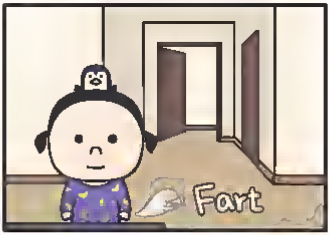
What a useful thing!

Here is
the dog poo medicine.

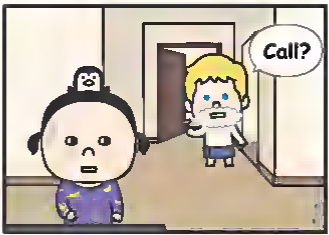
As the proverb says
'Even dog poo can be used as medicine ',
there is nothing useless

One morning.

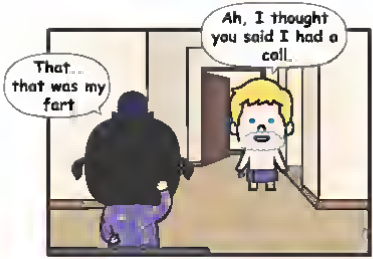
Mev was preparing to go to work, Penguin had just finished making Mev's lunch box.



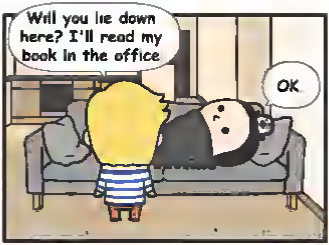
While Mev was in the bathroom, Penguin farted.



Mev ran out the bathroom suddenly
because he thought that
Penguin had shouted 'Call'.



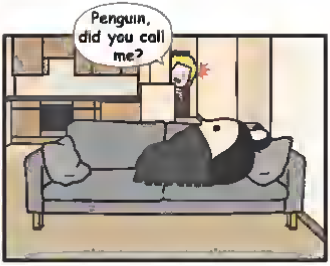
So Penguin thought.



When Penguin didn't feel very well because she had a cold.

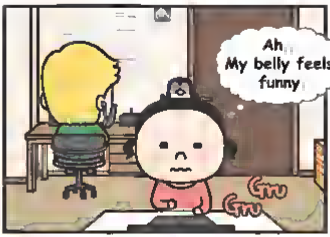
Ah...
I don't want to stand up...
I have no energy...

Well, I'll ask him later. I hope I don't forget it...
Fart

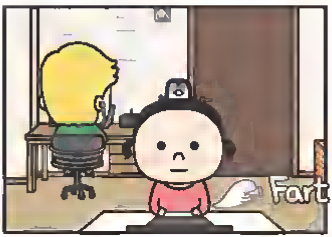


Definitely,
there was a use for farting.

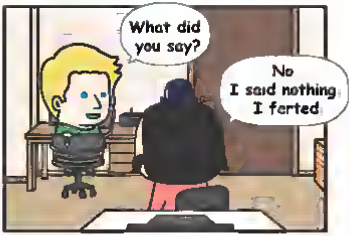
But although it is useful,
too much of something can be worse
than too little



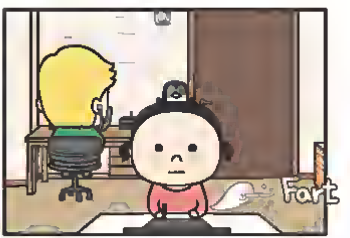
Ah
My belly feels funny
Grru
Grru

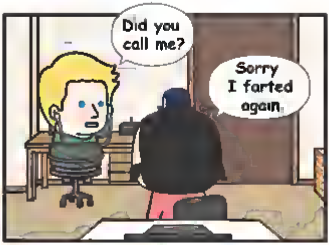


Fart



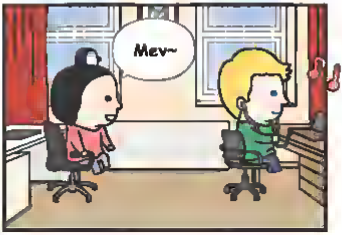
After a while.



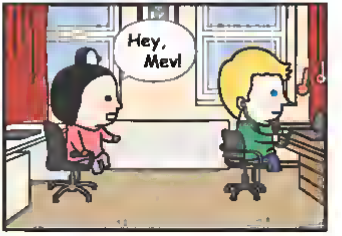


Penguin thought that it was not good that it happened every time she farted.

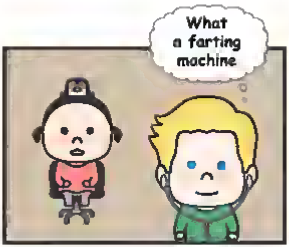
Also



Mev~



Hey,
Mev!



' No... '

' No, it's not a fart. '

WTH
I don't like it when the pot calls the kettle black!
